

Biography
Dr. Phillip Hagen
Primary Care Internal Medicine
Mayo Clinic

Dr. Philip Hagen is medical director of Mayo Clinic EmbodyHealth and is vice chair of the Division of Preventive and Occupational Medicine at Mayo Clinic. He is board certified in preventive medicine and internal medicine, and he is an assistant professor of preventive medicine at Mayo Clinic College of Medicine.

Dr. Hagen is a nationally recognized expert in the utilization of computers in health care. Specifically, he has a strong interest in population health and tools that help people maintain and improve their health in partnership with their health care providers. He has worked on the Mayo Clinic Health Manager since its design phase, collaborating with Microsoft Corporation to provide input and guidance on health tools that will be valuable to patients.

He has 20 years of experience in developing health information and computer tools that are now in use by millions of people, worldwide. Examples include the Mayo Clinic Guide to Self Care, MayoClinic.com, the Mayo Family Health Book, the Mayo Clinic Health Letter, the Embody Health newsletter and online tools, and the Mayo Clinic electronic medical record.
